

Casein Hydrolysate SPORT PLUS

PRODUCT DESCRIPTION

The Casein Hydrolysate SPORT PLUS belongs to the dairy series of Costantino Hydrolysates production. Dairy families have been developed by Costantino along the years to optimize the use of the dairy proteins in multiple food applications. This group of product can deliver both nutritional functions and simultaneously technical properties. Purity and clarity of the products are the result of a continuous improvement in the selection and optimization of the best supply chain and a stable and capable process.

Casein Hydrolysate SPORT PLUS is the result of the skill of Costantino in the selection of the best optimized casein protein source in combination with an hydrolysis able to deliver the optimized performance in term of nutrition for athletes and particularly optimized drink formulations. Casein Hydrolysate SPORT PLUS is then filtered and concentrated before spray drying to obtain the best clarity and purified product for these applications. Casein Hydrolysate SPORT PLUS is so particularly efficient where a medium protein content level is required. It has a low level of hydrolysis. As many Costantino products customization of this product is available for eventual fine tuning of the chemical properties to fit the customers optimal needs.

SUGGESTED USE

The development of this product has been driven food applications where nutrition contribution is essential. It is also delivering whipping properties if required. Extreme sport athletes will enjoy Casein Hydrolysate SPORT PLUS as a night protein to be used after the performance.

STORAGE & SHELF LIFE

Hydrolyzates are hygroscopic and can absorb odors. Temperatures below 30°C, relative humidity below 65%, and odor free environment are recommended.

Avoid direct sunlight.

Expiry date: 2 years from the date of manufacture in the original sealed packaging kept in a dry area, ideally between 8 and 30°C.

PACKAGING

The standard packaging is a 25 kg cardboard box which contains the product within an inner polyethylene liner bag. No staples or metallic fasteners are used:

- Custom packaging available.
- Delivered with Certificate of Analysis.
